STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BITTERS, which is a true tonic—a medicine universally recommended for all wasting diseases.

507 N. Fremont St., Baltimore

During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago I brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.

G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

The salary of the Grand Secretary was fixed at \$600 per annum.

Orders have been given by the Oswego Rolling Mills and Iron Works, at Oswego, Oregon, to a leading architect at Portland to prepare plans for 500 cottage homes, which it is proposed to erect by the company the present season at that place. The Oregon Iron and Steel Company propose to construct soon immense rolling mills there and employ a great number of operatives, who are expected to occupy these cottages.

HOME COMFORT

After a Rainy Ride a Country Physician Tells What He Thinks of Some People.

"I wish to gracious some people would learn when they need a doctor and when they don't," exclaimed Doctor E., as he entered his house in a cozy little village in the interior of the State of New York, after a tedious night ride of many miles. "I have been down among the mountains to see a man whose messenger said, was very sick and not likely to live till morning, unless he had immediate help; and found him suffering from a rather sharp attack of colic, which his family might have relieved in 10 minutes, if they had a grain of sense and two or three simple remedies in the house. But no; they must remain ignorant as pigs, and when the least pain or ache takes them, send for a doctor, whether they ever pay him or not."

Why, doctor, what kind of simple remedies, as you call them, do you expect people to keep in the house?" asked his wife, as she poured him a cup of hot tea.

"In this case," answered the Doctor, "if they had only put a BENSON'S CAPSICINE POROUS PLASTER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

In all ordinary complaints it cures at once. All diseases are eliminated from the system by what may be roughly called expulsion or extraction, or by a union of the two processes. Benson's Plaster promotes both. It incites the torpid organs to act, and sends its healing, soothing influence through the myriad pores of the skin. All other plasters oblige the patient to wait. They give him hope for tomorrow. Benson's plaster gives him help today. Which is better, do you think. Buy the CAPSICINE and keep it in the house. Price 25 cents.

EDITORIAL NOTES.

Should the Democratic party enter the next national campaign with a platform that declares in favor of free trade, as it seems likely to do, or even with a demand for a "tariff for revenue only," says the *Sacramento Bee*, we fail to understand how any class of laborers or operatives can support it. It would be like asking a man to vote away his home—even the bread-and-butter of his family, and all to the end that European manufacturers and ship owners may reap abundant harvests through American trade.

A lot of Italian laborers are employed on the West Shore Railroad in New York and the time clerk found it difficult to keep run of them by their unpronounceable names. Therefore he had them numbered, the figures being painted on the seats of their pantaloons. This beats Crook's Indian tags.

The San Joaquin Valley at this time presents a scene which cannot be paralleled elsewhere in the world. From Antioch on Suisun bay, to Tulare lake, more than 300 miles, there is one unbroken stretch of ripening wheat fields.

Nevada Transcript: There is more humbug in this anti-railroad issue than can be found in anything else in the United States, of such limited dimensions, and we don't believe a meeting if held here would be any improvement on the fizzle at San Jose the other day.

The California wheat crop promises to be as large as any yet harvested. Some predict that the yield will amount to 55,000,000 bushels. A protracted north wind, however, would disarrange these calculations to a considerable extent.

The Eureka Evening Leader has been leased by W. J. Penrose and S. M. Stenhouse. The former will be business manager and local reporter, the latter editor-in-chief.

EASTERN DISPATCHES

[PRESS DISPATCHES TO THE GAZETTE.]

Star-Router Dorsey's Quandary at the Resurrection.

WASHINGTON, June 7. In the star-route trial to-day Merrick criticised the evidence for the defense at length, and in closing for the day said: Since they had begun to bury men he might as well follow it up. He would bury Dorsey alongside of Rerdell, and his fellow conspirators should be mourners. Over them he would erect an arch, one end resting on the grave of Dorsey, the other on that of Rerdell, and on the keystone of the arch should be written the epitaph, "They were delightful and lovely during their lives, and in death were not separated," and if, notwithstanding counsel's prayers, Gabriel, when he passes over these graves, should blow and corrupt and buried Dorsey should arise in his immortal spirit and come into that last Grand Court before the Great Searcher of hearts, before whom we must all appear, the Great Searcher and All-Knower should ask him, "Were you not in the flesh known as Stephen W. Dorsey?" The spirit would answer, "I don't remember." An uproarious burst of laughter greeted Merrick's sally, and after vainly rapping for order Judge Wylie adjourned Court.

The High Character of an Extensive Defaulter.

SAN ANTONIO, June 7. The Wason court martial reconvened this morning. M. A. Dashiell, physician, of Hartford, Conn., and U. A. Noble of Indianola, Iowa, testified as to the good character of Wason from boyhood in social and business relations; also to the financial aid he had given his family since he left West Point to the present time. Major Sumner and General Auger also gave Wason a "good character" during the time of his service in the west. D. N. Stevens, formerly Secretary of the American Legation in Japan, recounted at length the high character of Wason while in the service of the Japanese Government as Colonel and Professor. Stevens' testimony was corroborated by the reading of letters from the German and Peruvian Ministers at Washington. The court adjourned till to-morrow.

No Truth in the "Bread or Blood" Business.

ST. LOUIS, June 8. Information received from Collinsville, Ill., is that the striking miners who were expected to arrive there sometime last night or early this morning have not yet turned up, and all is quiet there. Inquiry of Belleville, Pickneyville, and other mining districts fails to reveal the presence of strikers, and there is no information at any point of a band or a body of men moving around the country. It begins to look as though the reports were very much exaggerated or that the strikers after moving out of Belleville broke up and went quietly to their homes.

A Lynching Party Foiled by a Smart Sheriff.

DUBUQUE, June 7. The notorious Barber boys were removed from the jail at Waverly last evening by the Sheriff and his deputies and quietly carried by wagon 22 miles to Waterloo, thence by rail to Independence, where they were jailed at a late hour last night. The anticipated raid on the jail at Waverly, for the purpose of lynching the boys occurred in the meantime. The party were admitted to the jail, but when they learned that the prisoners were removed they departed chagrined.

The State Wants Some.

NASHVILLE, June 7. It is understood here that suit will be brought in a day or two against the estate of Thomas O'Connor, involving a hundred and four thousand dollars, alleged profit of joint speculations between O'Connor and ex-Treasurer Polk in Tennessee bonds. The State sues to recover the defaulting Treasurer's share of the profits.

Doctors on Cremation.

CLEVELAND, Ohio, June 8. At the closing session of the American Medical Association a resolution by Surgeon-General Keller, that in the very near future cremation will become a sanitary necessity in large cities and populous districts, was referred to the committee on surgical services.

High License in Illinois.

SPRINGFIELD, June 8. Harper's high license bill passed the Lower House of the Legislature today by a vote of 79 to 55. It provides a minimum license throughout the State of \$150 for beer saloons and \$500 for the sale of distilled spirits. Its adoption by the State is deemed positive.

A Trotting Event That Will be of Great Interest.

CHICAGO, June 7. The Chicago Driving Park management has just arranged what promises to be the most sensational trotting event of the season. The terms are a special match race between St. Julian and Clingstone, admitted to be

the fastest horse on the turf, except Maud S, for \$1,000 a side, with \$5,000 added by the association and \$1,000 additional, to beat the best record (2:10 1/4) mile heats, three in five, to rule, to be trotted on Thursday, July 15, the fifth day of the Chicago Summer trotting meeting. The race is fully arranged, play or pay, and \$1,000 a side is now in the hands of Secretary Hall.

FOREIGN TELEGRAPH.

[PRESS DISPATCHES TO THE GAZETTE.]

Turkey and the United States.

CONSTANTINOPLE, June 8. The Porte recently informed the U. S. Minister that the commercial treaty between the United States and Turkey will terminate March 13th, 1884. The Turkish tariff expired on the same date of the present year. After termination of the treaty the importation of all American meats, lard and similar products will be prohibited. The Porte has virtually increased duties on spirits by compelling shortages at Smyrna, and also maintains its demand relative to shortage of petroleum. No American delegate has been appointed to negotiate with Turkey concerning a new tariff, although the appointment of one has twice been requested by Wallace.

DUBLIN, June 7. The Lord Lieutenant refuses to deprive Kelley, convicted of the Phoenix Park murders, Proule, already arrested, is charged with the murder of Kennedy in Saville Place a year ago. DUBLIN, June 7. Eight men have been arrested at Parisontown charged with conspiracy to murder a Constable. A girl testified that the murder of the Constable was decided upon at a regular meeting, of which one of the prisoners and the actual murderer was chairman.

Easing Their Burdens.

ST. PETERSBURG, June 8. The collection of the poll-tax from the poorest of the peasantry will entirely cease January 1st next, and the tax from the remainder of the people will be reduced one-half.

A Severe Storm.

READING, PA., June 8. Last night's storm was the severest for years. A force of men were kept at work all night repriming a washout at Parklomen Junction. A church at Amityville was damaged and cattle and horses killed in various parts of the county.

JOTTINGS.

Whitefish are abundant in the Truckee.

The streets had a metropolitan look last night.

The busy bee is laying in a stock of money for winter use.

The Truckee Meadows are jubilant over the prospect of an abundant hay harvest.

The noon whistle at the planing mill and box factory is music to the working man's ear.

Mrs. Blasdel's teams are busy hauling in hay, which is carried hence to various points.

"Brownie," the Plumas freighter, is about to start out with a cargo of merchandise for up-country merchants.

There will be no meeting of the Band of Hope to-morrow. A full attendance is desired on Saturday, June 16.

A new line of gold watches just received from Chicago at Nasby's. Thermometer at 7, 9, 11, 1, 3-70, 76, 77, 80.

An Indian being asked how long a sack of flour lasted his answer and pappoose, said, "Ketchum in 'er belly pooty damn quick."

The depot warehouse is filled with freight of every description, notwithstanding the fact that teamsters are hauling merchandise away as fast as possible.

Mrs. Winzell is closing out her large and elegant stock of millinery goods at cost, for the purpose of retiring from business. Ladies should remember it, and give her a call.

A conductor who lives at Belair, Got hurt, being thrown on a chair, "they took him away."

But in less than a day, St. Jacobs Oil made him all square.

Mrs. Frank Owens, daughter of General Kittrell, has painted a plaque in a most artistic manner, which can be seen at Nasby's Bazaar. The delicate shading is noticeable.

The picnic to-morrow will be a pleasant affair for all who attend. The grounds surrounding Steamboat Springs are green and beautiful, and the air is cool and agreeable. Go and have a good time.

Alvaro Evans and Geo. Ingersoll returned from a trip to the north yesterday. During their stay they caught a lot of fine brook trout in a stream not much frequented. A party will probably be made up here the coming week to prospect the new fishing grounds.

PERSONALS.

Charley Lewis is in from Wadsworth.

Tim Tinkham of Spanish Springs valley was in yesterday.

Dr. Newland and M. Armer of Virginia are in town to-day.

Dick Dwyer, the Adonis of drummers, has gone to Salt Lake.

James H. Kinkead has gone to Hawthorne for a week's stay.

General Schofield's son arrived in Carson yesterday morning on a visit to friends.

C. F. Oatman, Secretary of the Eureka & Palisade railroad, was in town this morning.

It is rumored that Mr. Ordway has bought the Hickman ranch, on the Truckee Meadows.

F. W. Bacon of High Rock and Sam Laughon of Crystal Peak were in Reno yesterday.

Mr. and Mrs. F. Lemmon are in from Paradise visiting their friends and relatives. They will remain.

Mark L. McDonald, "the big bear of Pine street," was a passenger on the east bound overland this morning.

Fisherman Sherman is in from Pyramid. Trout will bite his hook, while no other white man can get a bite.

Judge Field, Associate Justice of the United States Supreme Court, was in Reno this morning, and went to Carson.

C. D. Ellis has relieved C. H. Shibley, in Mr. Higgins' office. Mr. Shibley is now agent at Battle Mountain.

Captain J. W. Haynie has been appointed roadmaster of the Carson & Colorado Railroad, vice W. B. Bullions, resigned.

John McMahon, ex Superintendent of the Keystone and Leviathan mines, on the Comstock, went east this morning, accompanied by Eugene Sullivan, another old Comstocker. They are bound for Idaho.

A Lively Town.

An enthusiastic citizen of foreign extraction last night took particular notice that the town was remarkably lively. "By himminy," he said, "der place looks like Fehschenny City ven der bonanza was yoo-ut about cot out." Reno was really full of life last night. The streets were crowded, and the air was full of invitations to "take suthin'."

A Hot Water Hint.

Pure cool water may be obtained without the use of ice by filling a bucket and keeping it where it will swing in a draft. Another method is to sew a piece of blanket around an earthen crock and set the crock in a tub of water in a shady place. Water thus cooled is more healthful than ice-water and pleasanter to the taste.

THE ODD FELLOWS' DANCE.

A Brilliant Assemblage of the Intelligence, Wealth and Beauty of Nevada.

The ball given in honor of the Grand Lodge of the I. O. O. F. of the State of Nevada by Reno and Truckee Lodges Nos. 14 and 19, at the Pavilion last night, was the grandest affair of the kind that ever took place in this State.

The hall was tastefully and beautifully decorated with evergreens and bunting and looked as cool and pleasant as a picnic grove. At 9:45 the line was formed for the grand march and led by Mr. and Mrs. C. W. Jones. About 200 couples, representing the intelligence, wealth and beauty of the State, were in the line.

The music was furnished by the Reno Brass and String Band, with E. Holesworth as caller, and was all that any lover of good music could ask for; in fact, it was as good as any band in the State can furnish. The floor was under the direction of C. W. Jones and Dr. Wagar, assisted by J. G. Laws, D. C. Martin, Stewart Hight and J. F. Smith, as managers. They were very efficient in the discharge of their duty and paid every attention to strangers. The ladies were elegantly dressed, many of the costumes being of the richest and most costly material, but to attempt even a partial description of the many dresses would be impossible. The resident Lodges of the excellent Order can justly feel proud of their efforts to entertain their visiting brothers and the ball last night was a fitting wind-up to one of the pleasantest reunions of the Order that ever took place in this State. Among those present a GAZETTE reporter noted as follows:

Tramps who Want Only Whisky.

Tramps, like buzzards, seem to smell their prey afar off. Last evening two of the nomadic gentry waylaid the Philadelphia excursionists at short intervals, begging for two bits with which to get something to eat. A Good Templar watched one of these beggars who solicited and got a quarter from one of the unoppressed tourists, and saw him make a bee line for a groggery, where he threw the coin down with as much display as Senator Fair would make in squandering a dime on a bootblack.

Another Phase of the Story.

An item appeared in the GAZETTE a day or two ago about a Frenchman leaving his team at Steamboat as security for a bill. It was not his fault that the circumstance occurred. A friend desired a ride and agreed to foot expenses, but had no money. The consequence was that the Frenchman left his horses for a while till he got the money to pay the bills which his friend had agreed to settle.

THE NEW TIME.

Some of the Problems That Have to be Solved.

It is arranged that the reduction of time shall take effect on or about July 1st. The west-bound train will be at Reno for breakfast. It will meet the east-bound train at Vista or Verdi, so as to allow Chamberlain time to clean up his tables. The west-bound train will arrive in San Francisco at 8:30 in the evening. The east-bound train will run within half an hour of where it does now. This company refused the request of the Union Pacific to run it out early in the morning and get it into Ogden in the evening instead of the morning.

THE UNION PACIFIC.

will make up time and get into Omaha early in the morning, instead of at half-past 3 in the afternoon. It will not be quite as convenient as it is now for passengers, and change sleepers at Council Bluffs. If they leave Ogden at 10 o'clock, A. M., as they do now, and make up twelve hours, as they would like to, it would bring them to the Missouri at 3 in the morning, and into Chicago at 1 o'clock in the morning. It is not known yet how the Union Pacific will get out of the dilemma. If they run 26 miles an hour it will bring them to Omaha at midnight. If they make 30 miles an hour they can reach there at 10 P. M., a most unseasonable hour to change baggage and babies. If they run slow and get in at six o'clock it will make it bad east of there, for Chicago and St. Louis will be reached too early for comfort.

THE V. & T. OFFICIALS.

Have a coudrum also. If they run as they do now passengers both ways must lie out at night at Reno. If they change and come down in the morning passengers will have to get up at 3 or 4 o'clock in the morning. The latter course will make a night run on the Carson & Colorado road unless they stop at the Mound House over night. It is thought that the passenger trains will run down and back in the morning, and one of the local freight trains will come down in the evening to connect with the C. & C. train and bring down such of the Virginia passengers as prefer to stay here over night in preference to getting up before daylight.

A NEW RACKET.

A Novel Method of Inducing Patrons.

It has often been said, and never been successfully refuted, that the American people lead the world in their novel and successful modes of advertising. A few years since an enterprising vendor of beverages started the free-lunch counter, which now is found everywhere, and have changed in many cases the appearance of a saloon to a first-class eating house. It has been left, however, for one of Sacramento's leading dry goods stores to lead off in a new departure which must sooner or later be copied by all stores that are patronized by the ladies. This enterprising merchant has fitted up an immense Arctic soda fountain, and all the customers at his place of business are furnished with a cool and refreshing glass of soda, as the boy remarks who serves it, right off the ice. Reno merchants will no doubt take the hint and cool off their lady customers with copious draughts of well-flavored soda water.

I. O. O.

The Sedentary Annual Session of the Grand Lodge.

FOURTH DAY—MORNING SESSION. The Grand Lodge convened at 10 A. M., and resumed business. P. G. E. S. Yates of Tuscarora, No. 30, was appointed Grand Chaplain, pro tem.

The sum of \$50 was appropriated to procure photographs of Brother A. E. Shannon, late Grand Master, deceased, and retiring Grand Master J. S. Shoemaker, the same to be placed in the collection in the office of the Grand Lodge.

The resolution of Representative C. E. Mack of Virginia Lodge, No. 10, asking that the Code of Procedure be revised and that the Grand Master shall appoint a special committee of three to so revise said code, was adopted.

Various reports were received and approved. Much of the unfinished business of the term which to quite an extent has heretofore been mentioned was disposed of, and we therefore omit the full publication thereof. Lodge adjourned to meet at 1 o'clock P. M.

Happy Hearts.

Cards are out which state that Mr. and Mrs. I. Fredrick request the presence of their daughter Leah, Wednesday afternoon, June 19, at the Grand Hotel parlors, San Francisco. The lucky man is M. T. Levy of Quincy, Cal.

Pushing Forward.

By private letter it is learned that the family of the late Jake Beam passed New Pine Creek, Lake county, Oregon, May 27th, all well and aiming to settle in the northern part of that State.

Lost Man Department.

John Hannah of Petaluma, California, desires to learn something of Henry Van Horn, who was in Virginia City when last heard from.

THE EXCURSIONISTS.

A Party of Philadelphians one of Their Number.

Five cars of pleasure seekers, belonging to the Raymond and Whitcomb series of excursion parties, arrived here last evening on a special train, remaining here over night. The members took in all the sights of the town, taking a look at the Asylum in the distance, and dallying on the banks of the roaring Truckee until its majesty was thoroughly comprehended. But something occurred to mar the pleasure of their trip. This morning Miss Annie M. Miller of Pennsylvania, aged 38, was found dead in her berth. She had been ailing for some time, but had been so regular in ill-health that her friends, though always attentive, had noticed no change. She retired as usual and this morning was found dead. Dr. Elmer, the physician accompanying the excursion, certified that she died of heart disease, and general debility. Mr. Sanders took charge of the body and will embalm it to-day, and to-morrow will forward it to friends in Pennsylvania. The excursion was here attached to the morning express and went east.

PLUMAS ITEMS.

News Items Culled From Our Greenville Exchange.

The Bulletin of June 6 contains the following:

There will be horse-racing at Greenville July 4th and 5th.

Mr. Mills has generously pledged himself without any solicitation from anyone to provide for Al. Wilson and his family. When the unfortunate accident occurred Mills at once gave orders that everything possible should be done for the unfortunate man, and that all his bills should be presented to him. It will be remembered that Wilson had his hand crushed at Mill's shaft, a few days ago, so that the arm had to be amputated.

The stage between Oroville and Quincy will now run through in one day. The stage between Greenville and Quincy will make the round trip each day, leaving Quincy in the morning and starting back from Greenville at about 1 P. M.

A Tree Protector.

When young fruit trees are set out many are killed by worms eating the roots, or in some cases feeding upon the bark near the ground. It is said that if a bunch of tansy be planted close to the tree no worm will ever injure it. Many have already seen it tried, and up to this time no tree so protected has been attacked.

Work on the C. & C.

George Clute, in off the C. & C. road, reports the road finished 250 miles out from the Mound House. Delays have been caused by the company's inability to procure ties fast enough. The work is being pushed with energy.

Lumber En Route.

Messrs. McNear and Shay, the lumber freighters of Sierra valley, were to arrive here to-day with their first loads this season. The McNear brothers contemplate shipping a large amount of lumber to Salt Lake this year.
